

CITY OF HILLSDALE

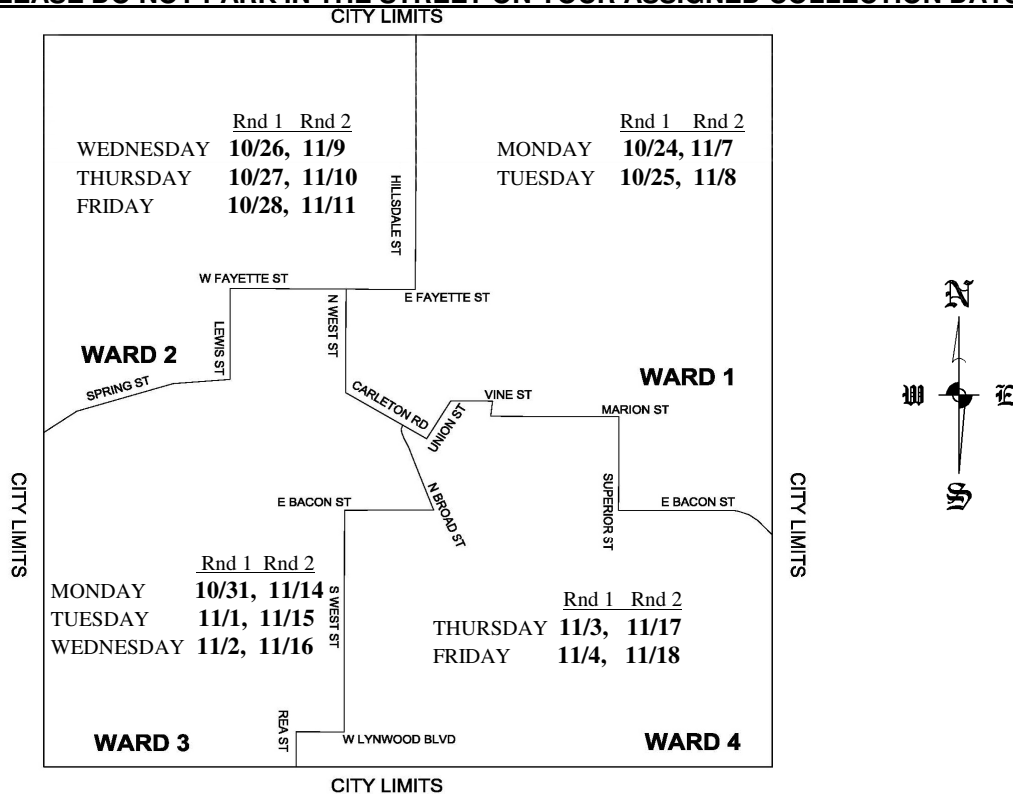

LEAF COLLECTION SCHEDULE

OCTOBER 24 - NOVEMBER 18, 2011

Dear Neighbor,

It's leaf collection time! And once again the Hillsdale Public Services Department will be collecting leaves from all city streets. The City has been divided into 4 sections (based on ward numbers) with each being assigned a specific collection period. Please check the map for your neighborhood's collection day and please use the following guidelines. Your cooperation is greatly appreciated and is essential for the leaf collection process to be successful. If you have questions, don't hesitate to call the Public Services Department at 437-6490.

1. Residents may rake your loose leaves to the curb or shoulder of the road **THE DAY BEFORE** your assigned collection date. (see map) **DO NOT PLACE LEAVES IN THE STREET, AS THIS MAY CAUSE BLOCKAGE AND OTHER PROBLEMS WITH THE STORM SEWER SYSTEM.** No brush or limbs please.
2. If you bag your leaves, please place the bags on the terrace **THE DAY BEFORE** your assigned collection date. However, since bags do not readily decompose, we prefer that you simply place your loose leaves at the curb.
3. Each property owner will be responsible for leaves that are raked into the street **before and after** your collection period.
4. In an attempt to maintain the published schedule, street side leaf collection will take priority over collection of leaves in the alleys. Leaf collection in City alleyways will take place at the end of each two week circuit or as the schedule permits.
5. In the event of an early snowfall, leaf collection will continue after the snow has been cleared, however, our collection may be a day or two behind schedule.
6. **PLEASE DO NOT PARK IN THE STREET ON YOUR ASSIGNED COLLECTION DAYS.**
