#### INDEPENDENT AUDITOR'S REPORT

Honorable Mayor and Members of the City Council City of Hillsdale, Michigan

#### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hillsdale, Michigan (the "City") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Other Matters**

#### Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, required pension schedules, and budgetary comparison schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund financial statements and schedules and the Dial-A-Ride transportation fund transit schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual fund financial statements and schedules, along with the Dial-A-Ride transportation fund transit schedules, are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and

schedules, along with the Dial-A-Ride transportation fund transit schedules, are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 7, 2020, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**Management's Discussion and Analysis** 

## City of Hillsdale Management's Discussion and Analysis June 30, 2020

As management of the City of Hillsdale, Michigan (The "City" or "government") we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2020. We encourage readers to consider the information presented here in conjunction with the financial statements.

#### **Financial Highlights**

- The assets and deferred outflows of the City exceeded its liabilities and deferred inflows at the close of the most recent fiscal year by \$70,585,925 (*net position*).
- At the close of the current fiscal year, the City's governmental funds reported combined fund balances of \$4,884,046, an increase of \$857,447 in comparison with the prior year. Approximately 20.6% of this amount, or \$1,007,056, is available for spending at the government's discretion (unassigned fund balance).
- At the end of the current fiscal year, unassigned fund balance for the general fund was \$1,007,056, or approximately 20.8% of total general fund expenditures and transfers out.

#### **Overview of the Financial Statements**

The discussion and analysis provided here is intended to serve as an introduction to the City's basic financial statements. The City's basic financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also includes supplementary information intended to furnish additional detail to support the basic financial statements themselves.

**Government-wide Financial Statements**. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents financial information on all of the City's assets, deferred outflows, liabilities, and deferred inflows, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported for some items that will only result in cash flows in future fiscal periods (e.g., changes in the City's net pension liability and capital asset activity).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City include general government, public safety services, streets and highways, airport, community and economic development, and recreation and culture. The business-type activities of the City include electric, water, and sewer services as well as Dial-A-Ride transportation services.

The government-wide financial statements include not only the City of Hillsdale itself (known as the primary government), but also a legally separate Economic Development Corporation and Tax Increment Finance Authority for which the City is financially accountable. Financial information for these component units is reported separately from the financial information presented for the primary government itself.

**Fund Financial Statements.** A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in assessing a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains several individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, airport improvement, and capital improvement funds, which are considered to be major funds. Data from the other remaining funds are presented as a separate column as they are considered nonmajor funds.

The City adopts an annual appropriated budget for the general fund and each special revenue fund. A budgetary comparison schedule for the general fund and each major special revenue fund has been provided to demonstrate compliance with these budgets.

**Proprietary Funds**. The City maintains two types of proprietary funds. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the government-wide financial statements. The City uses enterprises funds to account for its electric, water, sewer, and Dial-A-Ride operations. *Internal service funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions.

The City uses several internal service funds to account for various costs by allocating the cost to the funds that are using the resources. Because these services predominantly benefit governmental rather than business-type functions, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the water, sewer, and electric operations, of which are considered to be major funds of the City. Dial-A-Ride is considered to be a nonmajor proprietary fund and is noted in a separate column of the financial statements. The internal service funds data is presented in the proprietary fund financial statements.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reported in the government-wide financial statements because the resources of those funds are not available to support the City's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The City reports two types of fiduciary funds, which are agency funds and private purpose trust funds.

Agency funds report resources held by the City in a custodial capacity for individuals, private organizations, and other governments.

*Private purpose trust funds* report resources earmarked for other services. In the City's case, the resources are earmarked for hospital care.

**Notes to the Financial Statements**. The notes provide additional information that is necessary to acquire a full understanding of the data provided in the government-wide and fund financial statements.

**Other Information**. In addition to the basic financial statements and accompanying notes, this report also presents *required supplementary information* concerning the City's budgetary comparison schedules and the City's pension schedules.

This report also presents other supplementary information which includes the combining and individual fund statements and the Dial-A-Ride transit schedules. The combining statements and transit schedules are presented immediately following the required supplementary information on pensions.

#### **Government-wide Overall Financial Analysis**

As noted earlier, net position over time may serve as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows exceeded liabilities and deferred inflows of resources by \$70,585,925 at the close of the most recent fiscal year.

| Total Net Position                    | \$ 28,757,822 | \$ 26,052,533     | \$ 41,828,103 | \$ 38,835,483     | \$ 70,585,925 | \$ 64,888,016     |

The largest portion of the City's net position of \$52,603,321 (74.5%) reflects its investment in capital assets (e.g., construction in progress, land, buildings and improvements, furniture and fixtures, equipment, vehicles, and infrastructure), less any related outstanding debt that was used to acquire those assets. The City uses these capital assets to provide a variety of services to its citizens. Accordingly, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources used to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

#### **Governmental Activities**

Cash and investments increased by \$232,830 during the year to \$4,813,103 as of year-end. The primary reason for this was the increase in fund balance of \$857,447. Receivables decreased by \$374,387 because of decreased intergovernmental grant receivables in the capital improvement fund for construction projects. Due to the several construction projects coming to a close during fiscal 2020, accounts payable decreased by \$593,711 as the City had less construction-related payables at year-end. Interdepartmental loan receivable and loan payable decreased to \$0 as balances between funds were paid off. Net pension liability and its related deferrals was restated during the year as indicated in the notes to the financial statements.

#### **Business-type Activities**

Cash and investments, including restricted cash, increased by \$978,131 during the current year to \$12,279,540 as of year-end. The primary reason for this was the increase in net position of \$1,606,687. A portion of receivables, indicated as due from other governments on the detailed financial statements, decreased from \$416,334 in the prior year to \$14,137 in the current year as the City received the final draw from the state revolving fund during the current year. Receivables, particularly unbilled receivables, were restated during the year as indicated in the notes to the financial statements.

The interdepartmental loan receivable decreased by a net \$340,000, consisting of monies loaned of \$250,000 against monies received of \$590,000. The City's investment in M.S.C.P.A. decreased by \$403,370 as the M.S.C.P.A. itself recorded a decrease in net position of \$4,083,573.

Net pension liability and its related deferrals was restated during the year as indicated in the notes to the financial statements. Accrued and other liabilities increased by \$744,337, primarily consisting of two months of purchased power expenses to be allocated when compared to one month in the prior year. Accounts payable decreased by \$556,537 as expenses related to the final state revolving fund draw were accrued in the prior year.

The City's overall net position increased \$4,255,970 from the prior fiscal year. The reasons for this overall increase are discussed in the following sections for governmental activities and business-type activities.

**Governmental Activities**. Governmental activities increased the City's net position by \$2,649,283. The total increase was the result of total revenues of \$9,073,624 less total expenses of \$6,424,341. Capital grants and contributions increased from \$626,870 in the prior year to \$2,002,998 during the current year in large part due to increased grant revenue related to the airport runway and apron projects as well as several streets projects completed during the year. An increase in taxable value increased overall taxes collected slightly by \$43,215.

The City had a decrease in governmental expenses of \$664,413 primarily due to overall pension expense decreasing by just over \$400,000 stemming from improved investment performance.

**Business-type Activities**. Charges for services increased by \$352,825, primarily a result of overall increase in utility rates. In the prior year, the City approved a 2.5% increase in electric rates, a 11.47% increase in wastewater (sewer) rates, and a 14.24% increase in the water rates. Investment income and loss on investment in M.S.C.P.A consisted of \$189,566 and \$(371,938), respectively, for a net loss in investment-related items of \$(182,372).

#### **Financial Analysis of Governmental Funds**

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for discretionary use as they represent the portion of fund balance which has not yet been limited to use for a particular purpose by either an external party, the City itself, or a group or individual that has been delegated authority to assign resources for use for particular purposes by the City's Council.

At June 30, 2020, the City's governmental funds reported combined fund balances of \$4,884,046, an increase of \$857,447 in comparison with the prior year. Approximately 20.6% of this amount, or \$1,007,056, constitutes *unassigned fund balance*, which is available for spending at the government's discretion. The remainder of the fund balance is either *nonspendable*, *assigned*, or *restricted* to indicate that it is: 1) not in spendable form, \$63,276, or 1.3%, for prepaid items, or 2) restricted for particular purposes, \$3,813,714, or 78.1%, for major and local streets, debt service, capital improvement projects, and various permanent sources.

The general fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the general fund was \$1,007,056 while total fund balance increased to \$1,068,704. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures and transfers out. Unassigned fund balance represents approximately 20.8% of total general fund expenditures and transfers out while total fund balance represents approximately 22.0% of that same amount.

The fund balance of the City's general fund increased by \$134,113 during the current fiscal year. This compares to an increase of \$16,149 in the prior year. The primary reason for the current year increase in general fund balance relates to increased property tax, payments in lieu of taxes, and intergovernmental revenues. Expenditures remained relatively consist with an increase in airport-related and administrative-related expenditures during the current year.

The airport improvement fund, a major fund, had a \$178,606 increase in fund balance during the current fiscal year which put the overall fund balance at \$353,432. The increase in largely a result of increased intergovernmental revenues received during the current year for the airport runway and apron projects.

The capital improvement fund, a major fund, had a \$386,217 increase in fund balance during the current fiscal year which put the overall fund balance at \$730,641. The increase is related to increased intergovernmental revenue received for the ICE grant and other street improvement projects.

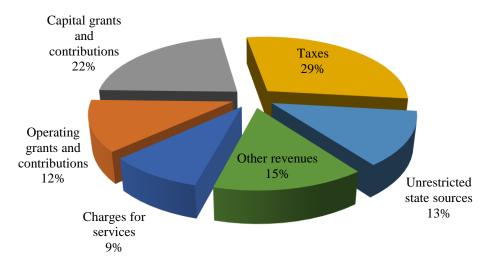

**Proprietary Funds**. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

Unrestricted net position of the electric fund was \$13,419,274. The increase in net position was \$292,149. Unrestricted net position of the water fund was \$1,064,561. The increase in net position was \$432,114. Unrestricted net position of the sewer fund was \$413,378. The sewer fund had \$672,751 as restricted net position for debt service and bond reserves. The increase in net position was \$904,839. Unrestricted net position of the Dial-A-Ride, a nonmajor enterprise fund, was a deficit of \$(10,709). The decrease in net position was \$22,415. Detailed information regarding the change in net position for these funds can be found in an earlier section of this report.

#### **Governmental Activities**

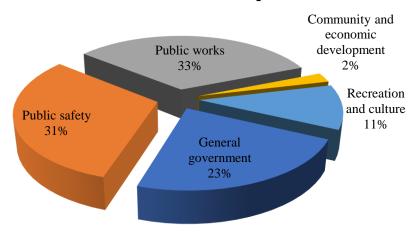

The following chart summarizes the revenue sources for the governmental activities of the City for the most recent fiscal year-end.

#### **Governmental Activities Revenues**

The following chart summarizes the expenses for the governmental activities of the City for the most recent fiscal year-end.

#### **Governmental Activities Expenses**

## **General Fund Budgetary Highlights**

*Original budget compared to final budget.* There were no significant increases or decreases to the original budgeted appropriations or estimated revenues during the year. Minor adjustments were made in various functions to better allocate costs.

*Final budget compared to actual results.* The City had the following minor expenditures in excess of the amounts appropriated during the year ended June 30, 2020:

|                      |     |           |               |         | V               | ariance |  |

## **Capital Assets and Debt Administration**

#### Capital Assets

The City's investment in capital assets for its governmental and business-type activities as of June 30, 2020 amounts to \$60,012,021 (net of accumulated depreciation). This investment in capital assets includes land and improvements, buildings and improvements, furniture, equipment, vehicles, and utility, street, and airport infrastructure.

The City completed the following major capital asset purchases were made the following construction projects were completed during the year:

- Wastewater treatment plant upgrades
- HVAC replacement
- Voltage upgrade
- Distribution expansion and upgrades
- Substation equipment and upgrades
- Several vehicles (dump truck, bucket truck, and police vehicle)
- Various street improvements

As of June 30, 2020, the following major projects remain open at year-end:

- Office sidewalk and parking lot
- Water filter and media replacement
- Ice-grant-related projects (sewer and water infrastructure)
- Dawn Theater reconstruction

More detailed information about the City's capital assets can be found in note 4.

#### Long-term Debt

As described in note 6 to the financial statements, the City had \$7,408,700, a \$851,452 decrease from the prior year, in long-term debt outstanding at the end of the fiscal year. The City is well under its legal debt limit as of year-end. More detailed information about the City's long-term debt can be found in note 5.

#### **Economic Condition and Outlook**

Management estimates that approximately \$5.11 million of revenues will be available for appropriation in the general fund in the upcoming budget. Expenditures are expected to change by small amounts compared to 2020. The City continues to review all budget line items for opportunities to reduce expenditures when possible. The budget will be monitored during the year to identify any necessary amendments. In 2021, the City plans again to use current revenues to provide essential services, to maintain the City's financial reserves at similar levels, and to complete several construction projects as indicated above. The ongoing costs of providing essential services for the citizens of the City will again need to be monitored in order to maintain the financial condition of the City. Additionally, management and the City Council are currently working to determine the significance that the COVID-19 Pandemic will have on the City's upcoming revenues.

#### **Contacting the City**

This financial report is designed to provide a general overview of the City's finances to its citizens, customers, investors, and creditors and to demonstrate the City's accountability for the resources

it receives. Questions regarding any information provided in this report or requests for additional financial information should be addressed to:

Finance Department City of Hillsdale 97 North Broad Street Hillsdale, MI 49242

or by contacting Finance Director, Bonnie Tew, 517.437.6446 or <u>finance@cityofhillsdale.org</u> or City Manager, David Mackie, 517.437.6444 or <u>dmackie@cityofhillsdale.org</u>.

## City of Hillsdale Reconciliation of Governmental Funds Balance Sheet to the Statement of Net Position June 30, 2020

| Total Fund Balance - Governmental Funds  | \$<br>4,884,046  |
|--|------------------|
| Net position of internal service funds that are treated as proprietary in the fund level statements are treated as governmental in the entity-wide statements.   | 935,361          |
| General government capital assets of \$46,364,599, net of accumulated depreciation of \$20,636,600, are not financial resources and, accordingly, are not reported in the funds.   | 25,727,999       |
| The City's net pension liability, plus pension related deferred outflows and inflows of resources related to its participation in the MERS defined benefit pension plan, are not recorded in the governmental funds but are recorded in the statement of net position. | (2,605,311)      |
| Compensated absences are not due in and payable in the current period and, therefore, are not reported in the funds.   | (199,875)        |
| Certain receivables are not available to pay for current period expenditures and, therefore, are unavailable in the funds.   | 15,602           |
| Total Net Position - Governmental Funds  | \$<br>28,757,822 |

## City of Hillsdale

# Reconciliation of Governmental Funds Statement of Revenues, Expenditures, and Changes in Fund Balance with Statement of Activities For the Year Ended June 30, 2020

| Changes in Net Position - Governmental Funds   | \$<br>2,649,283 |
|--|-----------------|
| Some receivables are long-term in nature and are collectible over several years. However, the current receipts are reflected as revenues on the fund statements.   | (9,863)         |
| Change to compensated absences are not shown in the fund financial statements.   | (9,524)         |
| Changes in the City's net pension liability, along with the pension related deferred outflows and inflows of resources, for the current year are not reported in the governmental funds but are reported in the statement of activities.   | (127,597)       |
| Governmental fund report capital outlay as expenditures; however, in the statement of activities, the cost of those assets is allocated over the estimated useful lives as depreciation expense. This is the amount by which capital outlay expenditures of \$2,987,751 is in excess of depreciation expense of \$925,622. | 2,062,129       |
| Changes in net position of internal service funds that are treated as enterprise fund changes in net position in the fund level statements are treated as governmental fund changes in net position in the entity-wide statements.   | (123,309)       |
| Total Net Change in Fund Balances - Governmental Funds   | \$<br>857,447   |

**Notes to the Financial Statements** 

#### **City of Hillsdale**

#### Notes to the Financial Statements

## Note 1 - Summary of Significant Accounting Policies

The financial statements of the City of Hillsdale (the "City" or "primary government") have been prepared in conformity with generally accepted accounting principles as applicable to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial-reporting principles. The more significant of the City's accounting policies are described below.

#### **Reporting Entity**

The City of Hillsdale was organized in 1847 and covers an area of approximately 5.5 square miles in Hillsdale County. In 1957, the City adopted the Home Rule Charter. The City operates under a Council-Manager form of government and provides the following services as authorized by its charter to its more than 8,305 residents (2010 census): public safety (police and fire), highways and streets, sanitation, health, housing, recreation, public improvements, planning and zoning, and general administrative services.

The financial reporting entity consists of the primary government, organizations for which the primary government is financially accountable and other organizations for which the nature and significance of their relationship with the primary government are such that exclusion would cause the reporting entity's financial statements to be misleading or incomplete. Component units are legally separate organizations for which the elected officials of the primary government are financially accountable. The component units discussed below are included in the City's reporting entity as discretely presented component units because of the significance of their operational or financial relationships with the City. These component units are reported in a separate column to emphasize that they are legally separate from the City. A combining statement of net position and statement of activities for these discretely presented component units are included as part of the basic financial statements.

#### Discretely Presented Component Units

The *Tax Increment Finance Authority* (the "Authority") is reported in a separate column to emphasize that it is legally separate from the City. The Authority is responsible for directing improvements to a district in the City using funds derived from the capturing of real and personal property taxes within the district. The members of the governing board of the Authority are appointed by the City Council. The budgets and expenditures of the Authority must be approved by the City Council. The City also has the ability to significantly influence operations of the Authority. Complete financial statements for this component unit are not prepared.

The *Economic Development Corporation* (the "EDC") is reported in a separate column to emphasize that it is legally separate from the City. The EDC is responsible for granting loans to businesses operating within the City. The members of the governing board of the EDC are appointed by the City Council. The budgets and expenditures of the EDC must be approved by the

#### **City of Hillsdale**

#### Notes to the Financial Statements

City Council. The City also has the ability to significantly influence operations of the EDC. Complete financial statements for this component unit are not prepared.

The *Brownfield Redevelopment Authority* (the "Authority") is reported in a separate column to emphasize that it is legally separate from the City. The Authority was established in order to revitalize environmentally distressed areas within a brownfield redevelopment area. The members of the governing board of the Authority are appointed by the City Council. The budgets and expenditures of the Authority must be approved by the City Council. The City also has the ability to significantly influence operations of the Authority. Complete financial statements for this component unit are not prepared. To date, the Authority has had no activity.

#### Related Organization

The *Hillsdale Housing Commission* (the "Commission") was established by the City to provide qualifying senior and low-income family housing. Commission includes a 60-unit low-income housing program and receives subsidies and annual contributions from the U.S. Department of Housing and Urban Development. The members of the governing board of the Commission are appointed by the City Manager. Members of the governing board may be removed by the City only for cause. The Commission determines its own budget (subject to federal approval), sets rental rates, and may issue debt in its own name. The City is not responsible for deficits or liabilities of the Commission; however, the Commission makes annual payments "in lieu of taxes" to the City. Accordingly, the City has elected to exclude the Commission and all related note disclosures in these financial statements. The Commission is audited separately from the City and complete financial statements may be obtained from the Commission's executive director at 45 North West Street, Hillsdale, Michigan 49242.

## **Government-wide and Fund Financial Statements**

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

#### Notes to the Financial Statements

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources* measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements, except for agency funds which do not have a measurement focus. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement* focus and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 30 days of the end of the current fiscal period or within one year for expenditure-driven grants. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service and compensated absences expenditures are recorded only when payment is due.

Property taxes, state shared revenues, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the City.

The City of Hillsdale reports the following major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *capital improvement fund* accounts for grant revenues and transfers in from other funds that are used to purchase or construct capital projects within the City.

The *airport improvement fund* accounts for grant revenues and transfers in from other funds that are used to purchase or construct airport-related capital projects within the City.

#### Notes to the Financial Statements

The City reports the following major proprietary funds:

The *electric fund* accounts for the activities of the City's electric generation and distribution systems.

The *sewer fund* accounts for the activities of the City's sewage collection and treatment systems.

The *water fund* accounts for the activities of the City's water production, purification, and distribution systems.

Additionally, the government reports the following fund types:

*Special revenue funds* are used to account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specific purposes other than debt service or capital projects.

**Debt service funds** account for the servicing of long-term debt not being financed by proprietary or nonexpendable trust funds.

Capital projects funds are used to account for and report financial resources that are restricted, committed, or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those being financed by proprietary or nonexpendable trust funds).

*Internal service funds* account for shared services and equipment usage provided to the City departments and funds on a cost reimbursement basis. The City's internal service funds account for leave and benefits, inventory purchasing, equipment rental, and unemployment insurance.

Agency funds are custodial in nature and do not present results of operations or have a measurement focus. Agency funds are accounted for using the accrual basis of accounting. These funds are used to account for asset that the government holds for others in an agency capacity (such as taxes collected for other governments or contributions earmarked for hospital care).

**Permanent funds** account for monies held in trust to be used for specific activities as specified in related trust agreements.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are transactions, such as payments-in-lieu of taxes, where the amounts are reasonably equivalent in value to the interfund services provided and other charges between the government's water, electric, and sewer function and various other

#### Notes to the Financial Statements

functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Proprietary funds distinguish *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges for services. The enterprise funds also recognize the portion of fees intended to recover the cost of connecting new customers to the system as operating revenue. Operating expenses for the enterprise funds include depreciation on capital assets, cost of sales and services, and administrative services. All revenues and expenses are not meeting this definition are reported as nonoperating revenues and expenses.

## **Budgetary and Budgetary Accounting**

Budgets presented in the financial statements were prepared on the same basis as the accounting basis used to reflect actual results. The general fund and special revenue funds are subject to legal budgetary accounting controls and all are budgeted annually. Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for the General and Special Revenue Funds. All annual appropriations lapse at fiscal year-end. The City Manager submits to the City Council a proposed operating budget for the fiscal year commencing July 1. The operating budget includes proposed expenditures and the means of financing them. The Council holds public hearings, and a final budget must be prepared and adopted prior to July 1. The City Manager is authorized to transfer budgeted amounts between departments within any fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council. The adopted budgets of the City for these budgetary funds were adopted on a functional basis for the General Fund and a fund basis for the Special Revenue Funds. Budgets for the General and Special Revenue Funds are adopted on a basis consistent with generally accepted accounting principles (GAAP).

#### **Assets, Liabilities, and Fund Equity**

#### Cash, Cash Equivalents, and Investments

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition.

State statutes and City policy authorize the City to invest in:

- Bonds, securities, other obligations and repurchase agreements of the United States, or an agency or instrumentality of the United States.
- Certificates of deposit, savings accounts, deposit accounts or depository receipts of a qualified financial institution.

#### Notes to the Financial Statements

- Commercial paper rated at the time of purchase within the two highest classifications established by not less than two standard rating services and that matures not more than 270 days after the date of purchase.
- In United States government or federal agency obligation repurchase agreements.
- Bankers' acceptances of United States banks.
- Mutual funds registered under the Investment Company Act of 1940 with the authority to purchase only investment vehicles that are legal for direct investment by a public corporation.
- External investment pools as authorized by Public Act 20 as amended through March, 1997.

Investments are stated at fair value.

#### Restricted Cash

Mandatory segregations of assets are presented as restricted assets. Such segregations are required by bond agreements.

## Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year and all other outstanding balances between funds are referred to as "due to/from other funds" (i.e., the current portion of interfund loans). Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as "internal balances."

All trade receivables are shown net of an allowance for uncollectibles, as applicable. All amounts deemed to be uncollectible are charged against the allowance for doubtful accounts in the period that determination is made.

All trade receivables are shown net of an allowance for uncollectibles, as applicable. All amounts deemed to be uncollectible are charged against the allowance for doubtful accounts in the period that determination is made. The balance of the allowance for doubtful accounts at year-end within the electric fund, sewer fund, and water fund were \$4,984, \$4,311, and \$4,222, respectively.

### Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements. The cost of prepaid items is recorded as expenditures/expenses when consumed rather than when purchased.

#### Notes to the Financial Statements

#### Inventories

Inventories are stated at cost (purchase price), whereas inventories held for resale are stated at lower of cost or market. Inventories of the Hillsdale Board of Public Utilities (reported as business-type activities, major proprietary funds) are valued at cost, which approximates market, using the average cost method. Cost is determined by the first-in, first-out method. Inventories of governmental funds are recorded as expenditures when purchased.

## Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental or business-type columns in the government-wide financial statements. Capital assets are defined by the city as assets with an estimated useful life in excess of one year and an initial individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated acquisition at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Capital assets are depreciated using the straight-line method over the following useful lives:

|                            | Years   |
|----------------------------|---------|
| Vehicles and equipment     | 5 - 20  |
| Books                      | 7       |
| Land improvements          | 20      |
| Infrastructure             | 15 - 50 |
| Buildings and improvements | 50      |
| Plant and systems          | 10 - 65 |

#### Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. Vacation, sick and personal days are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in governmental funds only if the obligation is expected to be liquidated from expendable available financial resources.

#### Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the

#### Notes to the Financial Statements

applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed when incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

## Deferred Outflows / Inflows of Resources

In addition to assets and liabilities, the statement of financial position or balance sheet will, when applicable, report separate sections for deferred outflows of resources and deferred inflows of resources. *Deferred outflows of resources*, a separate financial statement element, represents a consumption of net position or fund balance, respectively, that applies to a future period and so will not be recognized as an outflow of resources (expense/expenditure) until that time. *Deferred inflows of resources*, a separate financial statement element, represents an acquisition of net position or fund balance, respectively, that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time.

The City reports both deferred inflows and deferred outflows, both of which relate to the City's portion of the City's net pension liability. The net pension liability amounts are related to differences between expected and actual experience, changes in assumptions, differences between projected and actual pension plan investment earnings, and contributions made subsequent to the measurement date. These amounts are deferred and recognized as an outflow or inflow of resources in the period to which they apply. In addition, the City reports unavailable revenue from receivables collected beyond 60 days after the end of the year, as reported only in the governmental funds balance sheet. These amounts are deferred and are recognized as an inflow of resources in the period that the amounts become available.

#### Pension

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Municipal Employees Retirement System (MERS) of Michigan and additions to/deductions from MERS' fiduciary net position have been determined on the same basis as they are reported by MERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### Notes to the Financial Statements

## Net Position Flow Assumption

Sometimes the government will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied.

It is the government's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

### Fund Balance Flow Assumptions

Sometimes the government will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the government's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

#### Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. Governmental funds report nonspendable fund balance for amounts that cannot be spent because they are either: a) not in spendable form or b) legally or contractually required to be maintained intact. Restricted fund balance is reported when externally imposed constraints are placed on the use of resources by grantors, contributors, or laws or regulations of other governments. The government itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The *committed fund balance* classification includes amounts that can be used only for the specific purposes determined by a formal action of the government's highest level of decision-making authority. The City Council is the highest level of decision-making authority for the government that can, by adoption of a resolution prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the resolution remains in place until a similar action is taken (the adoption of another resolution) to remove or revise the limitation.

Amounts in the *assigned fund balance* classification are intended to be used by the government for specific purposes but do not meet the criteria to be classified as committed. The City Council is authorized to assign fund balance. The City Council may also assign fund balance as it does

#### Notes to the Financial Statements

when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, an additional action is essential to either remove or revise a commitment.

Unassigned fund balance is the residual classification for the City's general fund and includes all spendable amounts not contained in the other classifications and is therefore available to be spent as determined by the City Council. The general fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, the unassigned classification is used only to report a deficit.

## Property Tax Revenue Recognition

The City property tax is levied on July 1 on the taxable valuation of property located in the City as of the preceding December 31, the lien date. The billings are due on or before September 15, after which time the bill becomes delinquent and penalties and interest may be assessed by the City; as of March 1 of the succeeding year, unpaid real property taxes are sold to and collected by Hillsdale County.

It is the City's policy to recognize revenues in the current year when they are levied and made available for the financing of City operations.

Assessed values as established annually by the government, and subject to acceptance by the County, are equalized by the State at an estimated 50% of current market value. Real and personal property in the City for the 2019 levy had a taxable value of approximately \$130,743,368 (not including properties subject to industrial facilities tax exemption), representing 50% of estimated current market value.

The following millages were levied:

| General operating       | 12.4337 |
|-------------------------|---------|
| Streets maintenance     | 2.4868  |
| Sinking fund            | 2.9810  |
| Library                 | 0.9947  |
| Public safety equipment | 1.000   |

Property taxes for the Tax Increment Finance Authority (TIFA) are derived from a tax increment financing agreement between the TIFA and other related taxing districts. Under this arrangement, the TIFA receives those property taxes levied on the increment of current taxable valuations (determined as of the preceding December 31, the lien date) over base year assessed valuations on certain property located in the City of Hillsdale, which are within downtown Hillsdale.

#### Notes to the Financial Statements

## Use of Estimates

The process of preparing financial statements in conformity with generally accepted accounting principles requires the use of estimates and assumptions regarding certain types of assets, liabilities, revenues, and expenses. Such estimates primarily relate to unsettled transactions and events as of the date of the financial statements. Accordingly, upon settlement, actual results may differ from estimated amounts.

### Subsequent Events

Subsequent events have been evaluated through December 7, 2020. The City will be affected by the recent and ongoing outbreak of the Coronavirus (COVID-19) which was declared a pandemic by the World Health Organization in March 2020. COVID-19 has caused significant government and business disruptions through mandated and voluntary closings and stay at home orders.

Management is in the process of determining the significance that the outbreak will have on the City's upcoming budget. Charges for services, state revenue sharing, and grant revenues are expected to decrease during fiscal year 2021. Further, expenditures for personal protective equipment will be incurred during fiscal year 2021. Actual changes in both revenues and expenditures because of COVID-19 remain highly uncertain.

### Note 2 – Stewardship, Compliance, and Accountability

#### Excess of Expenditures Over Budget

P.A. 621 of 1978, as amended, provides that a local unit shall not incur expenditures in excess of the amount appropriated. The City incurred the following expenditures in certain budgetary funds which were in excess of the amounts appropriated during the year ended June 30, 2020:

|                      |     |            |               | $\mathbf{V}_{i}$ | ariance   |
|----------------------|-----|------------|---------------|------------------|-----------|
|                      | Fir | nal Budget | <br>Actual    | Final            | to Actual |
| General Fund         |     |            |               |                  |           |
| Administrative       | \$  | 220,000    | \$<br>224,258 | \$               | (4,258)   |
| Building and grounds |     | 132,860    | 134,516       |                  | (1,656)   |
| Fire                 |     | 415,075    | 419,042       |                  | (3,967)   |
| Airport              |     | 135,040    | 138,251       |                  | (3,211)   |
| Economic development |     | 56,965     | 59,091        |                  | (2,126)   |

#### Notes to the Financial Statements

## **Unrestricted Net Position Deficit**

Governmental activities for the City had an unrestricted net position deficit of \$(1,383,913) while Dial-A-Ride, a nonmajor enterprise fund, had an unrestricted net position deficit of \$(10,709) for the year ended June 30, 2020.

### Note 3 - Cash and Cash Equivalents

Following is a reconciliation of deposit and investment balances as of June 30, 2020:

|  | Primary          | Component      |               |
|--|------------------|----------------|---------------|
|  | Government Units |                | Totals        |
| Statement of Net Position              |                  |                |               |
| Cash and investments                   | \$ 16,419,892    | \$ 292,108     | \$ 16,712,000 |
| Restricted cash                        | 672,751          | -              | 672,751       |
| Statement of Fiduciary Net Position    |                  |                |               |
|  | 37,920           | -              | 37,920        |
| Deposits Managed by the City Treasurer | \$ 17,130,563    | \$ 292,108     | \$ 17,422,671 |
|  | Deposits and In  | vestments      |               |
|  | Checking and sa  | vings accounts | \$ 8,190,018  |
|  | Investments      |                | 9,231,404     |
|  | Cash on hand     |                | 1,249         |
|  | Total            |                | \$ 17,422,671 |

Custodial Credit Risk - Deposits. Custodial credit risk is the risk that, in the event of a bank failure, the City's deposits might not be returned. State law does not require, and the City does not have a policy for deposit custodial credit risk. As of year-end, \$8,223,004 of the City's bank balance of \$8,723,004 was exposed to custodial credit risk because it was uninsured and uncollateralized. Due to the dollar amounts of cash deposits and the limits of FDIC insurance, the City believes it is impractical to insure all bank deposits. As a result, the City evaluates each financial institution with which it deposits City funds and assesses the level of risk of each institution; only those institutions with an acceptable estimated risk level are used as depositories.

Custodial Credit Risk - Investments. Custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. The City does not have a policy for custodial credit risk. At year-end, substantially all of the investment securities were uninsured and uncollateralized.

#### Notes to the Financial Statements

Following is a summary of the City's investments as of June 30, 2020:

| Certificates of deposit           | \$<br>754,231   |
|-----------------------------------|-----------------|
| Commercial paper                  | 349,041         |
| Fixed rate bonds                  | 2,341,084       |
| U.S. government agency securities | 5,188,875       |
| Michigan CLASS                    | 598,173         |
| Total Investments                 | \$<br>9,231,404 |

*Credit Risk - Investments*. State law limits investments to specific government securities, certificates of deposits and bank accounts with qualified financial institutions, commercial paper with specific maximum maturities and ratings when purchased, bankers acceptances of specific financial institutions, qualified mutual funds and qualified external investment pools as identified in the list of authorized investments in the summary of significant accounting policies. The City's investment policy does not have specific limits in excess of state law on investment credit risk. All investments are insured under SPIC.

Credit risk ratings, where applicable, are summarized as follows:

| Standards & Poor's AAAm | \$<br>3,487,505 |
|-------------------------|-----------------|
| Standards & Poor's AA+  | 2,019,781       |
| Standards & Poor's A+   | 99,726          |
| Not applicable          | 3,624,392       |
| Total Investments       | \$<br>9,231,404 |

Interest Rate Risk. Interest rate risk is the risk that the market rate of securities in the portfolio will fall due to changes in market interest rates. State law limits the allowable investments and the maturities of some of the allowable investments as identified in the summary of significant accounting policies. The City's investment policy does not have specific limits in excess of state law on investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Maturity dates for investments held at year-end are summarized as follows:

| No maturity              | \$ 2,889,332 |   |
|--------------------------|--------------|---|
| Less than 1 year         | 1,449,765    | , |
| 1-5 years                | 4,892,307    | _ |
| <b>Total Investments</b> | \$ 9,231,404 |   |

#### Notes to the Financial Statements

## Concentration of Credit Risk

The City's investment policy places no limit on the amount it may invest in one issuer. At June 30, 2020, the City maintained investments in Federal Farm Credit Banks, Federal Home Loan Mortgage Corporation, Federated Government Obligations, and Michigan CLASS totaling approximately 21.9%, 24.9%, 31.3%, and 6.48%, respectively, of the City's total investments.

#### Fair Value Measurement

The City is required to disclose amounts within a framework established for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1: Quoted prices in active markets for identical securities.

Level 2: Prices determined using other significant observable inputs. Observable inputs are inputs that other market participants may use in pricing a security. These may include prices for similar securities, interest rates, prepayment speeds, credit risk and others.

Level 3: Prices determined using significant unobservable inputs. In situations where quoted prices or observable inputs are unavailable or deemed less relevant, unobservable inputs may be used. Unobservable inputs reflect the City's own assumptions about the factors market participants would use in pricing an investment and would be based on the best information available.

The City had \$8,633,231 of investments had a Level 1 fair value measurement as of June 30, 2020. While the remaining \$598,173 of investments was Michigan CLASS with a fair value measurement of Level 2.

#### Restricted Cash

**Sewer Fund -** The ordinance authorizing issuance of the 2015 Sewage Disposal System Revenue Bond and 2016 Sewage Disposal System Revenue Bond required that specific accounts be established, and monies deposited as follows:

Bond and Interest Redemption Fund - At least one-half of the amount of interest due on the next ensuing interest payment plus not less than one quarter of the principal maturing on the next principal payment. At June 30, 2020, the City was required to have \$131,125 in this account.

### Notes to the Financial Statements

*Bond Reserve Account* - The lesser of 10% of the principal balance of the bonds, an amount equal to the maximum annual principal and interest requirements on the bonds, or 125% of the average annual principal and interest requirements. A June 30, 2020, the City was required to have \$541,626 in this account.

The total restricted cash for the City's sewer fund was \$672,751.

## **Note 4 - Capital Assets**

Capital asset activity for governmental activities during the year was as follows:

|   | Beginning     |              |            | Ending        |
|---|---------------|--------------|------------|---------------|
| Governmental Activities                     | Balance       | Additions    | Reductions | Balance       |
| Capital Assets not Being Depreciated        |               |              |            |               |
| Land  | \$ 8,782,693  | \$ 27,625    | \$ -       | \$ 8,810,318  |

### Note 6 - Interfund Balances and Interfund Transfers

2036 - 2037

**Totals** 

The sum of all balances presented in the table below agree with the sum of interfund balances presented in the statement of net position. Those interfund balances resulted primarily from the time lag between the dates that: 1) interfund goods and services are provided or reimbursable expenditures occur, 2) transactions are recorded in the accounting system, and 3) payments between funds are made.

#### Notes to the Financial Statements

As of June 30, 2020, the interfund balances were as follows:

| Receivable Fund             | Payable Fund | Amount    |
|-----------------------------|--------------|-----------|
| General fund                | Electric     | \$ 83,091 |
| General fund                | Sewer        | 21,955    |
| General fund                | Water        | 19,365    |
| General fund                | Dial-A-Ride  | 59,573    |
| Nonmajor governmental funds | General fund | 325,727   |

Interfund transfers are used to: 1) move revenues from the fund that is required to collect them to the fund that is required or allowed to expend them; 2) move receipts restricted to or allowed for debt service from the funds collecting the receipts to the debt service fund as debt service payments become due; and 3) use unrestricted revenues collected to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The following transfers occurred between funds of the City for the current year:

| Transfers In Transfers Out  |                             | A | mount   |
|-----------------------------|-----------------------------|---|---------|
| General fund                | General fund Electric       |   | 61,655  |
| General fund                | Sewer                       |   | 30,827  |
| General fund                | Water                       |   | 30,827  |
| Dial-A-Ride                 | General fund                |   | 50,000  |
| General fund                | Dial-A-Ride                 |   | 59,573  |
| General fund                | Nonmajor governmental funds |   | 105,273 |
| Capital improvement         | Nonmajor governmental funds |   | 650,000 |
| Capital improvement         | General fund                |   | 600,000 |
| Nonmajor governmental funds | General fund                |   | 202,405 |

#### **Note 7 - Interdepartmental Loans**

On June 17, 2019 Council approved a loan from the Electric Fund to the Sewer Fund up to \$900,000 for capital expenditures occurring in the Sewer Fund. The loan commenced on June 20, 1019 with an initial draw of \$90,000. During the current year, the Sewer Fund paid back the \$90,000 of the loan and drew an additional \$250,000. Annual principal payments of \$250,000 are due annually along with interest at 2.5%. The final payment is scheduled to be paid by June 20, 2029. The balance as of June 30, 2020 was \$250,000.

On June 17, 2019 Council approved a loan from the Electric Fund to the Capital Improvement Fund up to \$1,300,000 for street reconstruction. The loan commenced on June 20, 2019 with an initial draw of \$500,000. During the current year, the capital improvement fund paid back the \$500,000. The balance as of June 30, 2020 was \$0.

#### Notes to the Financial Statements

#### **Note 8 - Defined Benefit Pension Plan**

### Plan Description

The employer's defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The employer participates in the Municipal Employees Retirement System (MERS) of Michigan. MERS is an agent multiple-employer, statewide public employee pension plan established by the Michigan Legislature under Public Act 135 of 1945 and administered by a nine-member Retirement Board. MERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained accessing the MERS website at <a href="https://www.mersofmich.com">www.mersofmich.com</a>.

Retirement benefits for employees are calculated as follows:

|                           |            |         |               |            | Unreduced     | Reduced        |         |
|---------------------------|------------|---------|---------------|------------|---------------|----------------|---------|
|                           |            |         | Final Average | Normal     | Benefit       | Benefit        |         |
|                           | Benefit    | Benefit | Compensation  | Retirement | (Age/Years of | (Age/Years of  | Vesting |
| Division                  | Multiplier | Maximum | (Years)       | Age        | Service)      | Service)       | (Years) |
| DPS EEs - Closed          | 2.25%      | 80%     | 3             | 60         | -             | 50/25 or 55/15 | 10      |
| Police - Open             | 2.50%      | 80%     | 3             | 60         | 55/25         | 50/25 or 55/15 | 10      |
| Fire - Open               | 2.50%      | 80%     | 3             | 60         | 55/20         | 50/25 or 55/15 | 10      |
| BPU Union - Closed        | 2.25%      | 80%     | 3             | 60         | 55/25         | 50/25 or 55/15 | 10      |
| General Nonunion - Closed | 2.25%      | 80%     | 3             | 60         | -             | 50/25 or 55/15 | 10      |
| BPU Nonunion - Closed     | 2.25%      | 80%     | 3             | 60         | -             | 50/25 or 55/15 | 10      |
| City Manager - Open       | 2.50%      | 80%     | 3             | 60         | -             | 50/25 or 55/15 | 10      |
| City Treasurer - Open     | 2.00%      | 80%     | 3             | 60         | -             | 50/25 or 55/15 | 10      |

### Employees Covered by Benefit Terms

At the December 31, 2019 valuation date, the following employees were covered by the benefit terms:

| Inactive plan members or beneficiaries currently receiving benefits | 75  |
|---|-----|
| Inactive plan members entitled to but not yet receiving benefits    | 43  |
| Active plan members   | 58  |
| Total employees covered by MERS                                     | 176 |

### **Contributions**

The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by the MERS Retirement Board. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The employer may establish contribution rates to be paid by its covered employees.

#### Notes to the Financial Statements

For the year ended June 30, 2020, the City had the following contribution rates:

|                           | Employee      | Employer         |
|---------------------------|---------------|------------------|
| <b>Division</b>           | Contributions | Contributions    |
| DPS EEs - Closed          | 4.00%         | \$0 / month      |
| Police - Open             | 5.00%         | 28.56%           |
| Fire - Open               | 5.00%         | 17.69%           |
| BPU Union - Closed        | 9.16%         | \$8,066 / month  |
| General Nonunion - Closed | 5.00%         | \$5,591 / month  |
| BPU Nonunion - Closed     | 5.00%         | \$10,095 / month |
| City Manager - Open       | 5.00%         | \$888 / month    |
| City Treasurer - Open     | 5.00%         | \$42 / month     |

### Net Pension Liability

The net pension liability reported at June 30, 2020 was determined using a measure of the total pension liability and the pension net position as of December 31, 2019. The December 31, 2019 total pension liability was determined by an actuarial valuation performed as of December 31, 2019.

### **Actuarial Assumptions**

The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

| Inflation                 | 2.50%                        |
|---------------------------|------------------------------|
| Salary increases          | 3.00% in the long-term       |
| Investment rate of return | 7.35%, net of investment     |
|                           | expense, including inflation |

Although no specific price inflation assumptions are needed for the valuation, the 3.00% long-term wage inflation assumption would be consistent with a price inflation of 3%-4%.

Mortality rates used were based on the RP-2014 Group Annuity Mortality Table of a 50% Male and 50% Female blend.

The actuarial assumptions used in valuation were based on the results of the most recent actuarial experience study of 2009-2013.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns,

#### Notes to the Financial Statements

net of investment and administrative expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

|                         |                   | Long-term      | Expected Money   |
|-------------------------|-------------------|----------------|------------------|
|                         |                   | Expected Real  | Weighted Rate of |
| Asset Class             | Target Allocation | Rate of Return | Return           |
| Global equity           | 60.00%            | 7.75%          | 3.15%            |
| Global fixed income     | 20.00%            | 3.75%          | 0.25%            |
| Private investments     | 20.00%            | 9.75%          | 1.45%            |
|                         |                   |                |                  |
| Inflation               |                   |                | 2.50%            |
| Administrative fee      |                   |                | 0.25%            |
|                         |                   |                |                  |
| Investment rate of retu | ırn               |                | 7.60%            |
|                         |                   |                |                  |

#### Discount Rate

The discount rate used to measure the total pension liability is 7.60%. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

#### Notes to the Financial Statements

Changes in the net pension liability during the measurement year were as follows:

|   | Increase (Decrease)  |                    |              |  |  |  |
|---|----------------------|--------------------|--------------|--|--|--|
|   | <b>Total Pension</b> | Plan Net           | Net Pension  |  |  |  |
| Changes in Net Pension Liability                  | Liability            | Position           | Liability    |  |  |  |
| Balance at December 31, 2018                      | \$ 24,191,831        | \$ 18,081,229      | \$ 6,110,602 |  |  |  |
| Service cost                                      | 382,857              | -                  | 382,857      |  |  |  |

|   | Gover                | nmental Activities | \$ 2,851,458 |  |  |  |
|   | Busine               | ss-type Activities | 2,661,547    |  |  |  |
|   |                      |                    | \$ 5,513,005 |  |  |  |

## Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 7.60%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.60%) or one percentage point higher (8.60%) than the current rate.

|                                   | Current                                   |              |              |  |  |  |  |
|-----------------------------------|---|--------------|--------------|--|--|--|--|
|                                   | 1% Decrease Discount (6.60%) Rate (7.60%) |              | 1% Increase  |  |  |  |  |
|                                   | (0.0076)                                  | Kate (7.00%) | (8.60%)      |  |  |  |  |
| Net pension liability of the City | \$ 8,216,533                              | \$ 5,513,005 | \$ 3,212,098 |  |  |  |  |

Note: The current discount rate shown for GASB 68 purposes is higher than the MERS assumed rate of return. This is because for GASB purposes, the discount rate must be gross of administrative expenses, whereas for funding purposes, it is net of administrative expenses.

#### Notes to the Financial Statements

## Pension Expense and Deferred Outflows/Inflows of Resources Related to Pensions

For the year ended June 30, 2020 the City recognized pension expense of \$908,907.

The City reported deferred outflows/inflows of resources related to pensions from the following sources:

|   | Defer        | red Outflows | Defe         | rred Inflows |
|---|--------------|--------------|--------------|--------------|
| Source  | of Resources |              | of Resources |              |
| Excess (deficit) investment returns                                     | \$           | 64,648       | \$           | -            |
| Changes in assumptions  |              | 447,865      |              | -            |
| Difference between expected and actual experience                       |              | 10,543       |              | 309,028      |
| * Employer contributions to the plan subsequent to the measurement date |              | 262,078      |              | <u> </u>     |
| Total   | \$           | 785,134      | \$           | 309,028      |
| Allocated as follows:   |              |              |              |              |
| Governmental Activities   | \$           | 405,915      | \$           | 159,768      |
| Business-type Activities  |              | 379,219      |              | 149,260      |
|   | \$           | 785,134      | \$           | 309,028      |

<sup>\*</sup>The amount reported as deferred outflows/inflows of resources resulting from contributions subsequent to the measurement date will be recognized as a reduction/addition in the net pension liability for the year ending June 30, 2021.

Amounts reported as deferred outflows/inflows of resources related to pensions will be recognized in pension expense as follows:

| Yea | rs Ending |              |
|-----|-----------|--------------|
| J   | Tune 30,  | <br>Amount   |
|     | 2021      | \$<br>28,360 |
|     | 2022      | 134,858      |
|     | 2023      | 254,666      |
|     | 2024      | (203,856)    |

### **Note 9 - Promissory Note**

On May 15, 2018, the City's Tax Increment Finance Authority ("TIFA") entered into an agreement to sell property known as the Keefer House Hotel for \$275,000. The agreement called for a \$10,000 deposit and the remaining \$265,000 in a promissory note from Keefer House Hotel, LLC. The note calls for the entire principal of \$265,000 including interest at 0% to be paid on or before May 25, 2021.

Pursuant to the terms set forth in the Purchase Agreement, if borrower completes construction and renovation of the Keefer House Hotel property on or before May 25, 2021, the borrower will be

#### Notes to the Financial Statements

entitled to forgiveness of any remaining principal, and the note shall be considered paid in full. In the event that the borrower fails to complete construction and renovation on or before May 25, 2021, all outstanding principal shall be due and payable.

As of June 30, 2020, construction on the Keefer House Hotel is underway and is projected to be completed on or before May 25, 2021. The City has elected to include the full \$265,000 as a loan receivable on its financial statements.

### Note 10 - Dial-A-Ride

The following disclosures are required by the Michigan Department of Transportation (MDOT) relative to the City's Dial-A-Ride program which is funded by and through MDOT:

*Cost Allocation Plans* - The Hillsdale Dial-A-Ride Enterprise Fund has three cost allocation plans where the methodology has been approved by the Office of Passenger Transportation (OPT). Currently, only the administrative cost allocation plan is needed and used. The cost allocation plan was adhered to in the preparation of the financial statements.

*Nonfinancial Data* - The methodology used for compiling mileage on OAR Schedule 4N (Nonurban) is an adequate and reliable method for recording vehicle mileage.

**Depreciation** - The depreciation charges do not include any eligible depreciation. Therefore, all depreciation charges are ineligible for reimbursement and have been excluded from the computation of eligible costs to be reimbursed with State Formula Funds.

*Capital Money* - No capital money was used to pay for operating expenses, and none are included in total expenses to be reimbursed with State Formula Funds.

*Ineligible Expenses* - Ineligible expenses are classified appropriately according to the definition in the Local Public Transit Revenue and Expense manual. Audit costs are the only cost in which eligibility differs from the State R&E Manual and the federal Uniform Guidance. The Hillsdale Dial-A-Ride Enterprise Fund does not have any local revenues with associated expenses that would be required to be subtracted out as ineligible.

**Pension Plan** - During the fiscal year July 1, 2019 through June 30, 2020, Dial-A-Ride paid \$3,694 in 50200 fringe benefits for retirement benefits. Of this amount, \$3,694 paid the actuarial required minimum contribution and \$0 was paid in excess of the actuarial required minimum contribution. The entire amount of \$3,694 was expensed on the books and is included in Dial-A-Ride's total eligible expenses for the fiscal year ending September 30, 2019.

#### Notes to the Financial Statements

#### **Note 11 - Investment in Joint Venture**

### Michigan South Central Power Agency

The City is a member of the Michigan South Central Power Agency (MSCPA), which provided electric services to the residents of its member communities. The participating communities provide annual funding for its operations. During the current year, the City paid \$8,364,008 for purchased power. The City is unaware of any other circumstances that would cause any additional benefit or burden to participating governments in the near future. Complete financial statements for the Michigan South Central Power Agency can be obtained from the administrative offices at 168 Division St., Coldwater, Michigan 49036.

The City owns an approximate 19.08% interest in the Michigan South Central Power Agency (MSCPA). The City records the investment using the equity method and calculates 19.08% of the MSCPA's equity at year end. The MSCPA also holds assets of the City, which have been included in the MSCPA's equity over the years. The calculation of the investment includes 100% of the City's assets held at the MSCPA plus 19.08% of the equity net of the City's assets. At June 30, 2020, the City's investment in MSCPA was \$4,086,875, consisting of a \$3,592,846 equity share and \$494,029 of assets held at the MSCPA.

### **Note 12 - Prepaid Operating Lease**

In 2014, the City entered a 20-year operating lease with KEPS Technologies, Inc. d/b/a ACD.net, for 48 strands of dark fiber to support its business operations. The agreement for total upfront costs of \$240,304 will be amortized over the 20-year life of the lease. As of June 30, 2020, the balance of the long-term prepaid operating lease is \$182,363.

#### **Note 13 - Prepaid Stranded Costs**

#### American Municipal Power – Generating Station Project

The City is a member of American Municipal Power (AMP) and has participated in the AMP Generating Station (AMPGS) Project. This project intended to develop a pulverized coal power plant in Meigs County, Ohio. The City's share was 12,000 kilowatts of a total 771,281 kilowatts, giving the City a 1.56 percent share. The AMPGS Project required participants to sign "take or pay" contracts with AMP. As such, the participants are obligated to pay any costs incurred for the project. In November 2009, the participants voted to terminate the AMPGS Project due to projected escalating costs. These costs were therefore deemed impaired and participants were obligated to pay costs already incurred. In prior years, the payment of these costs was not considered probable due to AMP's pursuit of legal action to void them. As a result of a March 31, 2014 legal ruling, the AMP Board of Trustees on April 15, 2014 and the AMPGS participants on April 16, 2014 approved the collection of the impaired costs and provided the participants with an estimate of their liability. The City's estimated share at March 31, 2014 of the impaired costs is \$2,076,796. The City received a credit of \$775,876 related to their participation in the AMP

#### Notes to the Financial Statements

Fremont Energy Center (AFEC) Project, and another credit of \$542,698 related to the AMPGS costs deemed to have future benefit for the project participants, leaving a net impaired cost estimate of \$758,222. Because payment is now probable and reasonably estimable, the City is reporting a payable to AMP in its business-type activities and in its electric enterprise fund for these impaired costs. AMP financed these costs on its revolving line of credit. Any additional costs (including line-of-credit interest and legal fees) or amounts received related to the project will impact the City's liability. These amounts will be recorded as they become estimable.

In late 2016, AMP reached a Settlement in the Bechtel Corporation litigation. On December 8, 2016, at the AMPGS Participants meeting, options for the allocation of the Settlement funds were approved. The AMPGS Participants and the AMP Board of Trustees voted to allocate the Settlement among the participants and the AMP General Fund based on each participant's original project share in kW including the AMP General Fund's project share.

Since March 31, 2014, the City has made payments of \$817,344 to AMP toward its net impaired cost estimate. Also since March 31, 2014, the City's allocation of additional costs incurred by the project is \$25,233 and interest expense incurred on AMP's line-of-credit of \$1,763, resulting in a net credit balance for impaired cost estimate at June 30, 2020 of \$32,126. The City does have a potential PHFU (plant held for future use costs) liability of \$608,243 resulting in a net total potential liability of \$576,117, assuming the credit balance earns zero interest and the assets making up the PHFU (principally the land comprising the Meigs County site) have no value. Stranded costs as well as PHFU costs are subject to change, including future borrowing costs on the AMP line of credit. Activities include items such negative items as property taxes as well as positive items revenue from leases or sale of all or a portion of the Meigs County site property.

The City has opted to not record the potential PHFU liability given the uncertainty regarding the outcome of the project; however, prepaid stranded costs have been recorded as \$32,126 for the year-ended June 30, 2020.

#### **Note 14 - Purchased Power Contracts**

#### **AFEC**

AMP Fremont Energy Center (86 Members). On July 28, 2011, AMP acquired from FirstEnergy Generation Corporation ("*FirstEnergy*") the Fremont Energy Center ("*AFEC*"), a combined cycle, natural gas fueled electric generating plant, then nearing completion of construction and located in Fremont, Sandusky County, Ohio. Following completion of the commissioning and testing, AMP declared AFEC to be in commercial operation as of January 20, 2012. AFEC has a capacity of 512 MW (unfired)/675 MW (fired) and consists of two combustion turbines, two heat recovery steam generators and one steam turbine and condenser.

AMP subsequently sold a 5.16% undivided ownership interest in AFEC to Michigan Public Power Agency and entered into a power sales contract with the Central Virginia Electric Cooperative for the output associated with a 4.15% undivided ownership interest in AFEC. The output of AFEC

#### Notes to the Financial Statements

associated with the remaining 90.69% undivided ownership interest (the "90.69% Interest") is sold to AMP Members pursuant to a take-or-pay power sales contract with 86 of its Members (the "AFEC Power Sales Contract").

In 2012, to provide permanent financing for the 90.69% Interest, AMP issued, in two series, \$546,085,000 of its AMP Fremont Energy Center Project Revenue Bonds (the "2012 AFEC Bonds"), consisting of taxable and tax-exempt obligations. The AFEC Bonds are net revenue obligations of AMP, secured by a master trust indenture and payable from amounts received by AMP under the AFEC Power Sales Contract. In 2017, AMP issued bonds (the "AFEC Refunding Bonds" and, together with the 2012 AFEC Bonds, the "AFEC Bonds") to refund a portion of the 2012 AFEC Bonds. As of January 1, 2020, \$489,280,000 aggregate principal amount of AFEC Bonds was outstanding.

The City has executed a take-or-pay power sales contract with AMP as a participant of the AFEC of 7,220 kW or 1.55% of capacity and associated energy from the AFEC.

## Combined Hydroelectric Projects

Combined Hydroelectric Projects (79 Members). AMP owns and operates three hydroelectric projects, the Cannelton, the Smithland and the Willow Island hydroelectric generating facilities (the "Combined Hydroelectric Projects"), all on the Ohio River, with an aggregate generating capacity of approximately 208 MW. Each of the Combined Hydroelectric Projects is in commercial operation and consists of run-of-the-river hydroelectric generating facilities on existing Army Corps dams and includes associated transmission facilities. AMP holds the licenses from FERC for the Combined Hydroelectric Projects.

To provide financing for, or refinance certain obligations incurred in respect of, the Combined Hydroelectric Projects, AMP has issued eight series of its Combined Hydroelectric Projects Revenue Bonds (the "Combined Hydroelectric Bonds"), in an original aggregate principal amount of \$2,354,485,000 and consisting of taxable, tax-exempt and tax advantaged obligations (Build America Bonds, Clean Renewable Energy Bonds and New Clean Renewable Energy Bonds). The Combined Hydroelectric Bonds are secured by a master trust indenture and payable from amounts received by AMP under a take-or-pay power sales contract with 79 of its Members. As of January 1, 2020, \$2,194,396,471 aggregate principal amount of the Combined Hydroelectric Bonds and approximately \$31.1 million aggregate principal amount of subordinate obligations, consisting of notes evidencing draws on the Line of Credit, were outstanding under the indenture securing the Combined Hydroelectric Bonds.

In August 2017, AMP filed a lawsuit against Voith Hydro, Inc. ("Voith"), the supplier of major powerhouse equipment, including the turbines and generators for the Combined Hydroelectric Projects and the Meldahl Project (as hereinafter defined).

#### Notes to the Financial Statements

The City has executed a take-or-pay power sales contract with AMP as a participant of the Combine Hydroelectric Projects of 3,398 kW or 1.63% of capacity and associated energy from the Combined Hydroelectric Projects.

### Meldahl Hydroelectric Project

Meldahl Hydroelectric Project (48 Members). AMP owns and, together with the City of Hamilton, Ohio, an AMP Member, developed and constructed a 108.8 MW, three-unit hydroelectric generation facility on the Captain Anthony Meldahl Locks and Dam, an existing Army Corps dam on the Ohio River, and related equipment and associated transmission facilities (the "Meldahl Project"). The Meldahl Project is operated by the City of Hamilton.

In order to finance the construction of the Meldahl Project and related costs, AMP issued seven series of its Meldahl Hydroelectric Project Revenue Bonds ("Meldahl Bonds") in an original aggregate principal amount of \$820,185,000 consisting of taxable, tax-exempt and tax advantaged obligations (Build America Bonds, Clean Renewable Energy Bonds and New Clean Renewable Energy Bonds). The Meldahl Bonds are secured by a master trust indenture and payable from amounts received by AMP under a take-or-pay power sales contract with 48 of its Members. As of January 1, 2020, \$675,680,000 aggregate principal amount of the Meldahl Bonds and approximately \$3.6 million aggregate principal amount of subordinate obligations, consisting of notes evidencing draws on the Line of Credit, were outstanding under the indenture securing the Meldahl Bonds.

The City has executed a take-or-pay power sales contract with AMP as a participant of the Meldahl Project of 731 kW or .70% of capacity and associated energy from the Meldahl Hydroelectric Projects.

### Greenup Hydroelectric Project

Greenup Hydroelectric Project (47 Members). In connection with the development of the Meldahl Project, Hamilton agreed to sell and AMP agreed to purchase a 48.6% undivided ownership interest (the "AMP Interest") in the Greenup Hydroelectric Facility. On May 11, 2016, AMP issued \$125,630,000 aggregate principal amount of its Greenup Hydroelectric Project Revenue Bonds, Series 2016A (the "2016 Greenup Bonds") and, with a portion of the proceeds thereof, acquired the AMP Interest. The 2016 Greenup Bonds are secured by a separate power sales contract that has been executed by the same Members (with the exception of Hamilton, which retained title to a 51.4% ownership interest in the Greenup Hydroelectric Facility) that executed the Meldahl Power Sales Contract. As of January 1, 2020, \$124,035,000 aggregate principal amount of the 2016 Greenup Bonds and approximately \$900,000 aggregate principal amount of subordinate obligations, consisting of notes evidencing draws on the Line of Credit, were outstanding under the indenture securing the 2016 Greenup Bonds.

#### Notes to the Financial Statements

The City has executed a take-or-pay power sales contract with AMP as a participant of the Greenup Hydroelectric Facility of 479 kW or1.40% of capacity and associated energy from the Greenup Hydroelectric Facility.

#### Note 15 - Tax Abatement Disclosure

Industrial property tax abatements are granted in the State of Michigan under Public Act 198, as amended, to promote economic development, creation of jobs, and new or improvement facilities. The industrial facilities tax (IFT) exemption must be approved by both the City (after a public hearing is held) and the State of Michigan. IFT exemptions can cover real and/or personal property. By State law, the exemption must be applied for no later than six months after commencement of the project, and must be accompanied by a written agreement between the taxpayer and the City. An exemption allows for taxation on IFT property at 50% of the local property tax millage rate for a period of 1 to 12 years. Accordingly, such agreements meet the criteria of "tax abatements" under GASB Statement No. 77. For the year ended June 30, 2020, the City's property taxes were reduced by \$14,432 under this program.

Neighborhood enterprise zone tax abatements are granted in the State of Michigan under Public Act 147, as amended, to encourage investment in the construction or rehabilitation of multiple types of housing for both homeownership and rental. The project must be located in a Neighborhood Enterprise Zone (NEZ) as established by the City Commission. A qualifying project involves the construction of new housing for either homeownership or rental. A rehabilitation project involves the rehabilitation of existing housing, and requires a minimum investment in the rehabilitation. A new construction project must include rental apartments, contain retail space on the first floor, and be located in a Downtown Revitalization District. For new facilities, the rate of taxation of a new facility is equal to 50% of the average rate of taxation levied on commercial, industrial, and utility property in the State in the immediately preceding calendar year. The amount of the abatement is equal to the taxable value of the qualifying property applied to the millage rate that is the difference between the NEZ millage rate and the ad valorem millage rate. For rehabilitation facilities, the taxable value is set ("frozen") at that value established in the year immediately preceding the effective date of the NEZ exemption for a property. The amount of the abatement is the difference between the taxes that would be levied on the current taxable value and the NEZ taxes levied on the value of the qualifying property in the year immediately preceding the effective date of the exemption certificate. Accordingly, such agreements meet the criteria of "tax abatements" under GASB Statement No. 77. For the year ended June 30, 2020, the City's property taxes were reduced by \$817 under this program.

#### **Note 16 - Risk Management**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the year ended June 30, 2020, the City carried commercial insurance to cover all risks of losses. The City has had

#### Notes to the Financial Statements

no settled claims resulting from these risks that exceeded their commercial coverage in any of the past three fiscal years.

### **Note 17 - Commitments and Contingencies**

The City participates in a number of federally-assisted grant programs. These programs are subject to program compliance audits. Accordingly, the City's compliance with applicable grant requirements will be established at some future date. The amount, if any, of expenditures which may be disallowed by granting agencies cannot be determined at this time although the City expects such amounts, if any, to be immaterial.

#### **Note 18 - Restatement of Net Position**

In the prior year, the allocation of net pension liability and its related deferrals was overstated in the sewer and water funds while being understated in the electric fund and governmental activities. The correction made during the current year increased net pension liability and its related deferrals in the electric fund and governmental activities while the correction decreased net pension liability and its related deferrals in the sewer and water funds. The resulting correction caused a decrease in net position of the electric fund and governmental activities and an increase in net position of the sewer and water funds.

In addition, in the prior year, the City did not record unbilled receivables at year-end. To improve revenue recognition, a subsequent correction was made to record unbilled receivables in the electric fund, sewer fund, and water fund of \$1,079,422, \$126,430, and \$96,616, respectively. As a result of the correction, net position increased by the same amount in each of the respective funds.

The City also in the prior year incorrectly recorded depreciation for assets that were disposed. The subsequent correction increased net capital assets and net position by \$139,471.

The following graphic illustrates the changes to net position:

|   |               |               | Business-typ | pe Activities |               |
|---|---------------|---------------|--------------|---------------|---------------|
|   | Governmental  |               |              |               |               |
|   | Activities    | Electric Fund | Sewer Fund   | Water Fund    | Total         |
| Net Position as of June 30, 2019, as reported             | \$ 26,052,533 | \$ 26,142,588 | \$ 6,409,668 | \$ 5,532,201  | \$ 38,835,483 |

Notes

#### **Valuation Date**

Actuarially determined contribution amounts are calculated as of December 31 each year, which is 6 months prior to the beginning of the fiscal year in which the contributions are required.

## Methods and assumptions used to determine contribution rates

| Actuarial cost method         | Entry-age Normal  |
|-------------------------------|---|
| Amortization method           | Level percentage of pay   |
| Remaining amortization period | 19 years  |
| Asset valuation method        | 10-year smoothed  |
| Inflation                     | 2.50%   |
| Salary increases              | 3.00% in the long-term  |
| Investment rate of return     | 7.35%, net of investment expense, including inflation                                   |
| Retirement age                | Experience-based tables of rates that are specific to the type of eligibility condition |
| Mortality                     | RP-2014 Group Annuity Table of a 50% male and 50% female blend                          |

## INDEPENDENT AUDITOR'S REPORT ON THE SCHEUDLE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members of the City Council City of Hillsdale, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hillsdale, Michigan (the "City") as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements. We issued our report thereon dated December 7, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

#### **City of Hillsdale**

Notes to the Schedule of Expenditures of Federal Awards

#### **NOTE 1 - BASIS OF PRESENTATION**

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal grant activity of the City of Hillsdale, Michigan (the "City") under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the City, it is not intended to and does not present the financial position, changes in net position or cash flows of the City.

The City's reporting entity is defined in Note 1 of the City's Audited Financial Statements.

#### NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures reported on the Schedule are reported on the accrual basis of accounting, which is described in Note 1 to the City's financial statements. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Pass-through entity identifying numbers are presented where available.

For purposes of charging indirect costs to federal awards, the City has not elected to use the 10 percent de minimis cost rate as permitted by §200.414 of the Uniform Guidance.

#### NOTE 3 - RECONCILIATION TO THE FINANCIAL STATEMENTS

A reconciliation of the amounts presented in the Schedule to the amounts presented in the financial statements is as follows:

| Intergovernmental revenues reported in the governmental fund financial statements:           | \$ 4,256,978 |
|--|--------------|
| Subtract: state and local sources  | (3,667,812)  |
| Add: federal sources of non-operating revenues in the proprietary fund financial statements: | 448,991      |
| Total expenditures of federal awards:  | \$ 1,038,157 |

#### INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable Mayor and Members of the City Council City of Hillsdale, Michigan

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hillsdale, Michigan (the "City"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City's basic financial statements, and have issued our report thereon dated December 7, 2020.

#### **Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the City's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we do not express an opinion on the effectiveness of the City's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the City's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

## INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Honorable Mayor and Members of the City Council City of Hillsdale, Michigan

#### Report on Compliance for Each Major Federal Program

We have audited compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the City of Hillsdale, Michigan's (the "City") major federal programs for the year ended June 30, 2020. The City's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

#### Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (the "Uniform Guidance"). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the City's compliance.

#### Opinion on its Major Federal Program

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

#### **Report on Internal Control over Compliance**

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Purpose of this Report

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

December 7, 2020

Honorable Mayor and Members of the City Council City of Hillsdale, Michigan

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Hillsdale, Michigan (the "City") as of and for the year ended June 30, 2020. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated July 31, 2020. Professional standards also require that we communicate to you the following information related to our audit.

#### Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City are described in Note 1 to the financial statements. No new accounting policies were adopted, and the application of existing policies was not changed during the fiscal year ended June 30, 2020. We noted no transactions entered by the City during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimates affecting the City's financial statements were:

- Management's estimate of the useful life of depreciable capital assets is based on the length of time it is believed that those assets will provide some economic benefit in the future.
- Management's estimate of the accrued compensated absences is based on current hourly rates and policies regarding payment of sick and vacation banks.
- The assumptions used in the actuarial valuations of the pension plan are based on historical trends and industry standards.

We evaluated the key factors and assumptions used to develop these estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

#### Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

#### Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

#### Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 7, 2020.

#### Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

#### Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

#### Other Matters

We applied certain limited procedures to management's discussion and analysis, budgetary comparison schedules, and the required pension schedules, which are required supplementary information (RSI) that supplements the basic financial statements. Our procedures consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We did not audit the RSI and do not express an opinion or provide any assurance on the RSI.

We were engaged to report on the combining and individual fund financial statements and schedules, along with the schedule of expenditures of federal awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles generally accepted in the United States of America, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

#### Restriction on Use

This information is intended solely for the information and use of the City Council and management of the City and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Gabridge & Company, PLC
